## Report on Schools.

---

It was thought by the school board it might be well to make a slight change in the written report this year. So your school board has requested me to report in detail the work of the different schools during the year.

It is with great pleasure we report the steady progress of the East school, under Miss Alice Smith, who, having the welfare of the pupils at heart, was able to arouse their enthusiasm so that now this school will compare favorably with any in town.

The Center school was very unfortunate in having a change of teachers each term. When each teacher does her best, the change must retard the progress of the school. The spring term was taught by Miss Sargent, who came highly recommended and sustained her reputation. Under her management, good progress was made in the different branches. The fall term was taught by Miss Fletcher, who sustained her reputation as a successful teacher, excellent progress was made in arithmetic, geography and English. Parents and friends of the school are truly grateful to her for the good work she accomplished. The school board offered her every inducement to remain during the winter term, but it was impossible to retain her services longer. Miss Page was engaged to teach the winter term and we trust will continue the good work.

The South school was taught by Miss Clara Clark, who did good work during the spring term. Miss Florence Blakeman was engaged to teach the fall term. This was her first experience in teaching, and in some ways she showed marked ability. Miss Alexander was engaged to teach the winter term, but on account of sickness she was obliged to give up the work. Miss Parker was then en-

gaged to teach the winter term, but on account of sickness was unable to take up the work. As all of the best teachers are usually engaged to teach at this time of the year, it took several weeks to secure a teacher, therefore a long vacation was unavoidable. Miss Bessie Fitch was engaged to finish the winter term. She is a graduate of the State Normal school, and shows marked ability.

The spring term in the West school was taught by Miss Helen Blood, who, having finished her year, wished to complete her education. Mrs. McAdams taught the fall term, and on account of poor health was obliged to give up the work. Miss Clara Clark was engaged to teach the winter term. She seems equal to the task and has managed the school in a pleasant manner with good results. We hope the parents will make an effort to have their children regular in attendance, by so doing progress can be made and the school be more satisfactory to both parents and teachers.

JOHN E. CORLISS,

Mont Vernon, N. H.

There has been presented to the town schools:

One piano to the Center school by the Daland trustees.

One flag to the East school by Mr. Herbert Edwards.

On account of illness, and as there are two more schools to close, the treasurer has been unable to bring in a full account of her financial statement, and the cash balance will be much less at the close of the school year than it was on date of Feb. 15, 1910, on account of many out-standing bills.

ANNIE E. PERHAM,

*Treasurer.*

Annie E. Perham, treasurer, in account with the School District of Mont Vernon, for the year ending Feb. 15, 1910.
